TRANING

AU FUTURE SKILL ACADEMY
Web developer Trainee (Oct 2023 - Jan 2024)

I have trained in web development from a dynamic web development training program where I learn both Front-End and Back-End technologies of web development. This journey gave me a lot of experience and also gave me the opportunity to work on real world projects and collaborate with a talented team.
During this training i gained different experience like how a team works and many more.

PROJECTS

Art Gallery

- Designed & Developed a virtual Art Gallery using HTML, CSS & JavaScript
- A customizable gallery where one can add or delete pictures easily.

Expense Tracker

- Developed a user-friendly expense tracker using HTML, CSS, and JavaScript. The application allows users to efficiently record their expenses and view their total spending.
- Demonstrated strong skills in front-end development, including responsive design and client-side scripting.

HOBBIES & STRENGTHS

- Flute Playing
- Singing
- Positive Attitude
- Adaptability
- Quick Learner
